You obviously didn't follow Count Dankula's case very closely, Charlie. Context or the fact it's a "joke" no longer matters. He was charged and convicted anyway.

Farage is merely adjusting to the reality that the left created (grossly offensive jokes are criminal) and throwing their rule book back at them. Why should they be immune? Why shouldn't they be forced to endure the consequences of what they created?

The UK media (and some on the left) have been promoting Rory Stewart (who would betray Brexit) like mad.

He finished 4th bottom.

YouTube banned a vegan dude who rescued pigeons and produced carefully worded content specifically designed not to violate their TOS. No reason given.

Ludicrous and proof of flagrant partisan censorship of conservatives.

Yet another reminder.

The mainstream media promoted the most verifiably fake, harmful and downright ludicrous hoax - "Russian collusion" for years.

They faced no consequences. No deplatforming. No algorithmic suppression.

They lost the right to be called "authoritative".

Big Tech has sided with authoritarians who want to humiliate, muzzle & destroy the lives of dissident thinkers.

That's not taking the moral high ground - that's being complicit in allowing hateful, intolerant bullies take over society.

The Nazis collectively demonized their ideological adversaries using reductive, vulgar terms. Like you just did here.

Also, thousands of Brits who actually fought the Nazis or helped rebuild the country after the war voted for the Brexit Party.

Left-wing comedian Jo Brand 'fantasizes' about acid attacks on right-wing politicians.

"They're very, very easy to hate, and I'm kind of thinking, why bother with a milkshake when you could get some battery acid?"

I can feel the progressivism and tolerance from here.

– The mass media ran a giant hoax claiming Jones sent the emails to Sandy Hook parents.

The emails sent to Infowars were "very hostile" and contained threats against Jones

The entire farce was likely a set up to frame Jones

This is particularly egregious - the media literally reported the opposite of what happened.

But it's par for the course given that the profession of journalism is now controlled by far-left activists who abuse their power to ruin people's lives.

# Wow. BuzzFeed just got put on notice.

FREE SPEECH SYSTEMS

June 18, 2019

**To Salvador Hernandez, the managing editors and the general counsel of Buzzfeed:**

We demand a full correction, clarification and retraction of the article entitled "Alex Jones Sent Emails Containing Child Porn To Sandy Hook Victims' Lawyers" written by Salvador Hernandez which was originally published by Buzzfeed on June [illegible] at http://www.buzzfeednews.com/article/salvadorhernandez/alex-jones-child-porn-emails-sandy-hook.

The article contains the completely false assertion that Mr. Jones was distributing child pornography.

A few key points:

The emails were sent to Infowars by a third party.

The FBI investigation is treating Mr. Jones as the victim.

Some major media outlets have already distanced themselves from the hoax that falsely claimed Mr. Jones sent the emails to Sandy Hook lawyers.

The emails ended up in a spam folder and were never opened by Infowars staff.

The emails sent to Infowars were overtly hostile and contained threats against Mr. Jones.

Plaintiff's lawyers in the Sandy Hook case tried to subpoena 40 million emails.

Unopened emails did not, and do not, contain child porn.

The entire farce was clearly set up to frame Mr. Jones.

Mr. Jones has offered a $1 million dollar reward to find the perpetrator.

For more details: https://www.infowars.com/mass-media-hoax-claims-alex-jones-sent-child-porn-when-he-was-the-victim-of-3rd-party-sending-child-porn-to-him/

Again, we demand that Mr. Hernandez and Buzzfeed immediately correct the false accusations and implications contained in his article.

It is also noteworthy that neither Mr. Hernandez nor any representative of Buzzfeed appear to have reached out to Mr. Jones or his legal team for comment prior to publication.

The most humanitarian way to prevent tragic scenes like the one above is to disincentivize illegal border crossings.

Salvini did it and more than halved the number of migrant deaths in the Mediterranean.

If Dems actually cared about kids dying, they'd help Trump build the wall.

This proves two things; That the "hate" designation is now flagrantly being abused to just outright censor legitimate journalism.

It also illustrates how the left doesn't care about "hate speech," they just hate speech. Period.

Within just the last 48 hours.

- YouTube removes video exposing Google election meddling.
- Vimeo bans journalism exposing anti-Trump election meddling.
- Reddit censors biggest pro-Trump forum on the Internet.

But there's no political bias, honest!

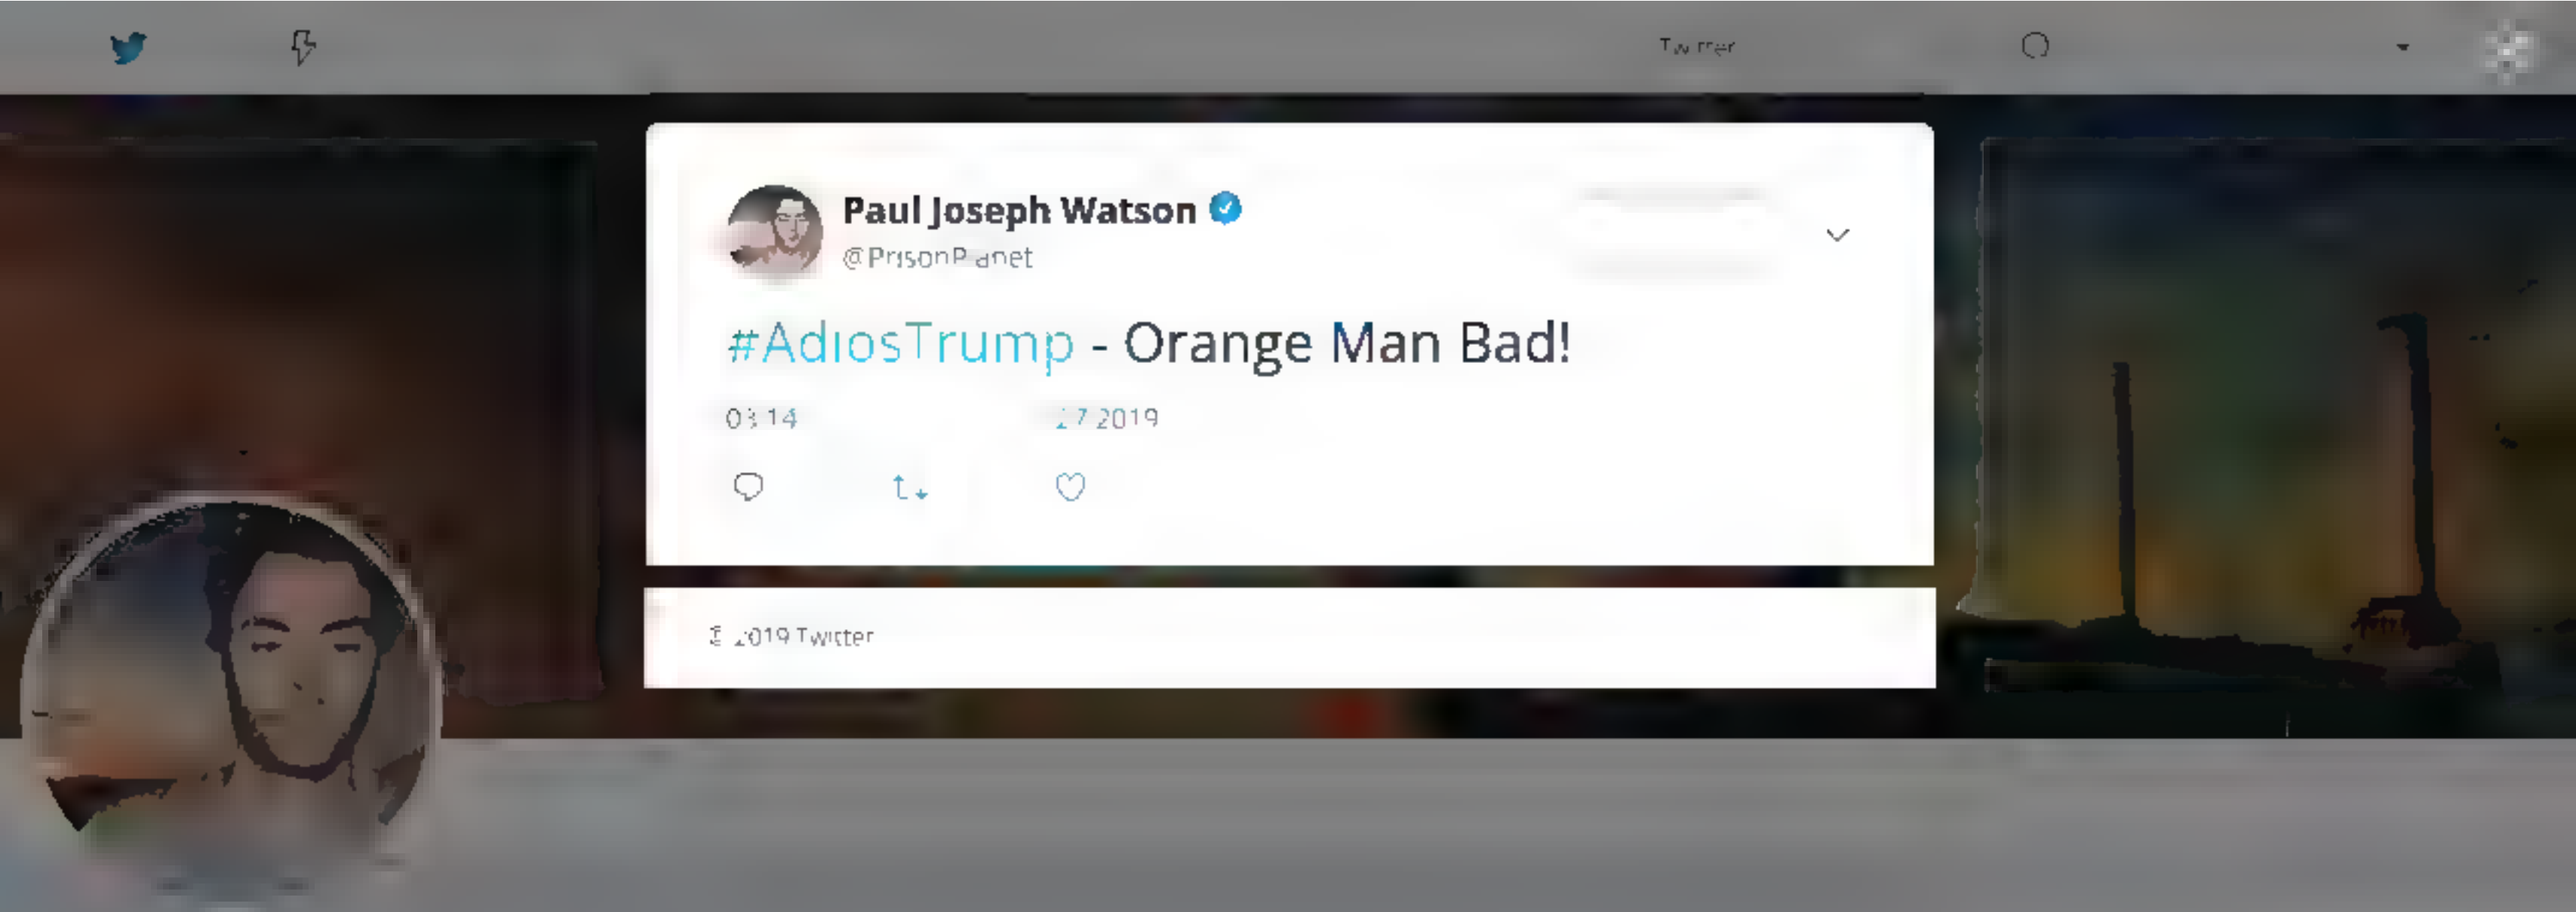
It appears that Dems think saying the word "trans" as many times and as sanctimoniously as possible is a winning election strategy that will resonate with hundreds of millions of Americans.



0.6% of U.S. adults identify as transgender. Good luck with that.

So are we now to assume that the UK has a kind of reverse Muslim ban?

Anyone critical of the belief system of Islam (which is not a race) is now barred from entering the country?

Questions in Parliament need to be asked about this. Truly shocking.

CHANNEL TUNNEL (INTERNATIONAL ARRANGEMENTS)(AMENDMENT NO 3)
ORDER 2301

NOTICE OF REFUSAL OF LEAVE TO ENTER

CODE ID CODE

To: [illegible] Charlie Sean Stern

You have asked for leave to enter the United Kingdom as a visitor for up to five days. However, by your own admission on the 24th February 2018 you were involved in the distribution of racist material in Leeds. I believe that your actions whilst in the United Kingdom present a threat to the fundamental interests of society and to the public policy of the United Kingdom.

You have not sought entry under any other provisions under the immigration rules.

I therefore refuse you leave to enter the United Kingdom.

I propose to request that the competent French Authorities remove you from the Control Zone.

I am PROUD.

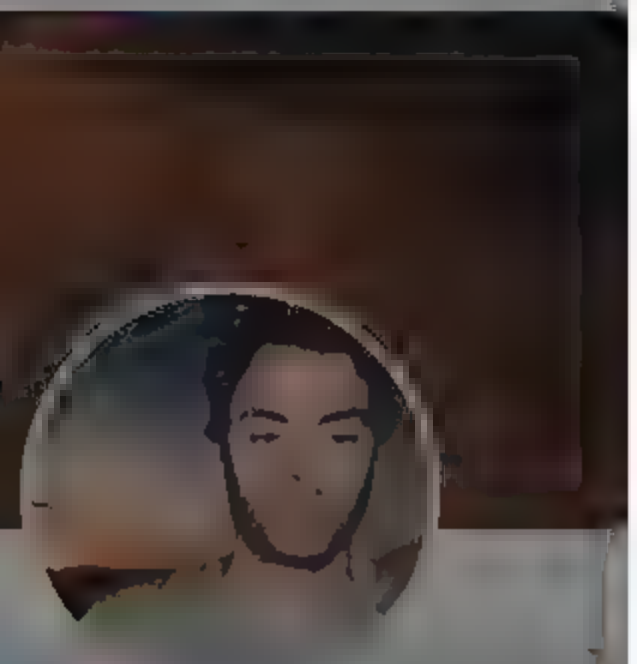
Proud that my government is protecting me.

From returning ISIS jihadists? Meh.

From spiralling violent crime? Meh.

From actual hate preachers? Meh.

No.



Protecting me from Lauren Southern's edgy leaflets.

The media is doing to Yang what they did to Ron Paul in 2008 and 2012.

By pretending he doesn't exist, they hope to extinguish any nationwide momentum before it can build.

They only do this to authentic candidates like Yang & Gabbard.

It's time to ban face masks at public protests. They are now almost exclusively worn by violent criminals who viciously attack journalists and other innocent people. Ban them.

Self-proclaimed "journalists" who are trying to justify the brutal assault of Andy Ngo because they think he has the 'wrong' political beliefs are as bad as those who blame rape victims for wearing the wrong kind of clothing. Simple as.

The photographer who took the photos of AOC appearing to cry at a protest demanded the removal of the images after it was revealed that AOC was actually crying over little more than a few police officers and an empty parking lot as part of a stunt.

Glad for all those middle class white people who paid £250 for a Glastonbury ticket got to feel morally superior by cheering for Stormzy.

Now they can all go back to their nice gentrified areas & continue to not actually give a shit about black kids killing each other en masse.

There's no expectation of privacy in a public place.

Ban masks at protests. It's quite simple and clearly necessary to prevent violent crime.

Pop star Ariana Grande thinks she's putting her music career at risk by criticizing Donald Trump when that's actually the ultimate act of conformity.

What's next, is she gonna oppose racism?

Stunning and brave.

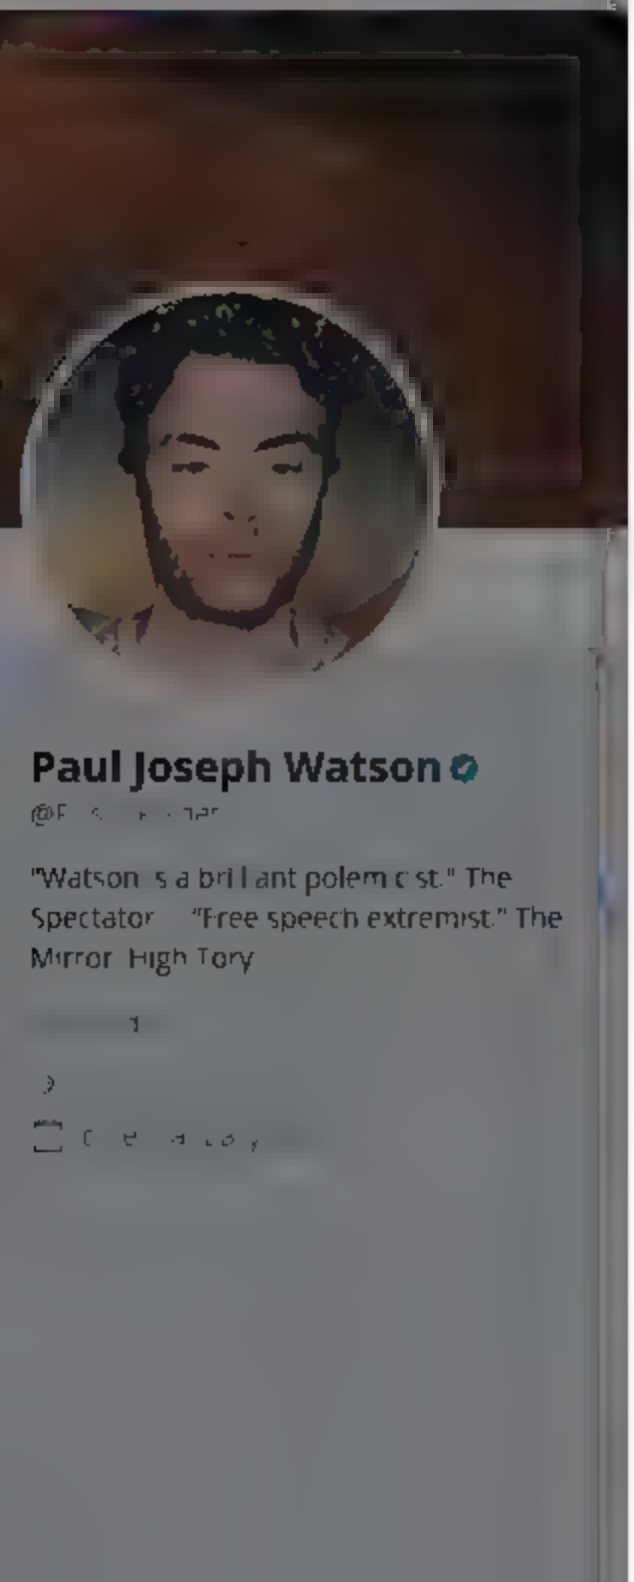
'Black Twitter': The only group that sends me more death threats than Islamists is #Black_ivesMatter. It's clearly not peaceful.



It's a "peaceful" group though, CNN told me.

Direct death threats don't violate Facebook's "community standards," yet people are routinely banned for expressing opinions.

Incredible.

Hey you mother fucker you keep mocking allahu and sweet islam I fucking find and kill you You stupid mother fucker you better stop what you are doing or else you find your very life to become very unbearable with my existence when I come for you

Alexandria Ocasio-Cortez refused to condemn an Antifa terrorist attack on an ICE facility despite the terrorist invoking her "concentration camp" rhetoric in his own manifesto.

Among swing Dem voters, Ilhan Omar has a 9% favorability rating. AOC has 22% favorability.

Trump pushing them to the forefront and making them the face of the Dems is a simple but genius move.

Trump Derangement Syndrome & relentless hysteria doesn't poll well.

An Antifa terrorist radicalised by AOC and Ilhan Omar's rhetoric literally tries to mass murder Border Patrol officials and the media's still whining about Trump's tweets.

Let that sink in.

If you think leftists are having trouble processing the disconnect between "certain cultures" (which they embrace) and LGBT rights, just wait until we start talking about animal cruelty.

I'm fully confident this won't be so vaguely and broadly defined so that it ends up being abused to censor more conservatives.

AOC is not to blame for the Antifa terrorist who tried to massacre Border Patrol agents, but he did use her "concentration camp" rhetoric and she refused to condemn the attack when asked.

Trump was (wrongly) blamed for Charlottesville.

Will Trump demand AOC disavow?

President Trump's "rodent infested mess" rant about conditions in Baltimore caused controversy, but a series of videos showing exactly that appear to prove him right.

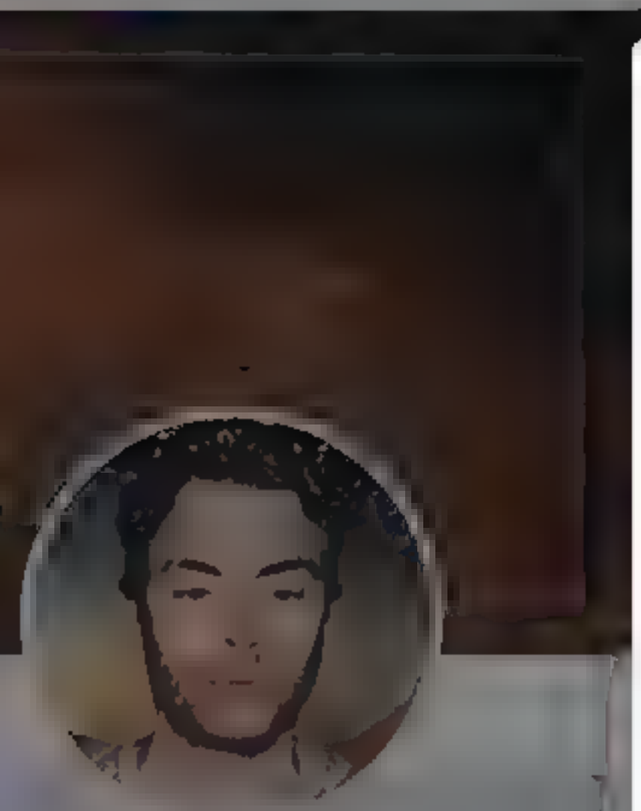
Snopes is trying to "fact check" a satire site into oblivion.

Only authoritarians are afraid of humor.



### Readers of the Bee,

We apologize for the length of this note, but we wanted to bring something important to your attention Last week, Snopes fact-checked us again We're pretty used to that. But this time, instead of merely rating the article "false," they questioned whether our work qualifies as satire, and even went so far as to suggest that we were deliberately deceiving our readers Basically, they treated us as a source of intentionally misleading fake news, rather than as the legitimate, well-known satire publication that we are. This is a big deal.

As you know, fake news—which is distinguished from satire by its intent to mislead—was widely considered a serious issue in the last election cycle As a result, social media networks like Facebook began partnering with fact-checkers to try and limit the distribution of fake news on their platforms. Snopes was one of them. At one point, a piece of ours was rated "false" by Snopes, prompting Facebook to threaten us with limitations and demonetization. We made a stink about this, and after some media attention shed light on the problem, Facebook apologized for their handling of the matter and admitted that satire is not the same as fake news

We came out on top last time, but this latest smear from Snopes is both dishonest and disconcerting. We have no choice but to take it very seriously

The body that regulates lawyers in the UK is considering scrapping the writing section of its exam to help non-white candidates (suggesting they can't read or write properly).

Incredible.

Talk about the bigotry of low expectations.

IT IS A MISTAKE to suppose that all men, or at least all Englishmen, want to be free. On the contrary, if freedom entails responsibility, many of them want none of it. They would happily exchange their liberty for a modest (if illusory) security. Even those who claim to cherish their freedom are rather less enthusiastic about taking the consequences of their actions. The aim of untold millions is to be free to do exactly as they choose and for someone else to pay when things go wrong.

In the past few decades, a peculiar and distinctive psychology has emerged in England. Gone are the civility, sturdy independence, and admirable stoicism that carried the English through the war years. It has been replaced by a constant whine of excuses, complaints, and special pleading. The collapse of the British character has been as swift and complete as the collapse of British power.

Dayton mass shooter was an anti-Trump "leftist" who said "I want socialism" and who tweeted "kill every fascist". These are his words.

El Paso mass shooter was a right wing extremist.

Political extremism is a major problem for both right & left.

We saw 2 tragic mass shootings in America this weekend.

One by a right wing extremist, one by a left wing extremist.

Difference is that the right disavows violence & extremism. The left (or at least many prominent people on the left) don't, & some actively encourage violence.

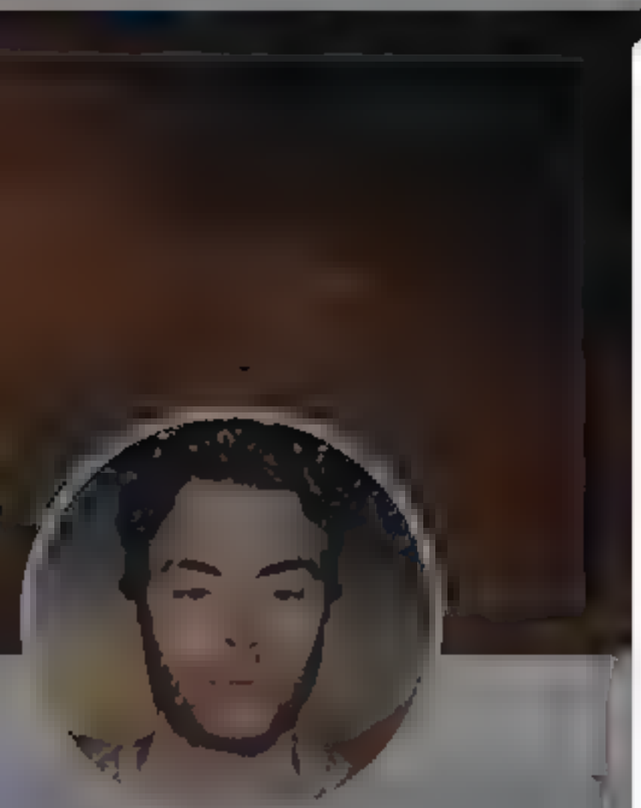
So this must mean that platforms lose their legal protection from content posted by individual users.

Numerous mass shootings have been live streamed on Facebook.

Ban Facebook?



Or maybe just blame the shooter and don't exploit tragedies to enact censorship.

Mass shootings happened before Trump. They will happen after Trump. The cause isn't Trump.

The cause is something far deeper, something fundamentally wrong with American society.

Alex Jones has been suspended by Twitter for 7 days for a video talking about social media censorship. Truly, monumentally, beyond stupid.

On the same day that the Infowars website was brought down by a cyber attack.

Will this madness ever end?

The New York Times just devoted an entire month to covering "YouTube radicalization" (abusing their power by generating a moral panic to have their ideological competition banned).

Why bother doing actual journalism when you can just have the competing narratives censored?

THE PRESS: LOYAL REVOLVER OF THE CAPITALIST STATUS QUO

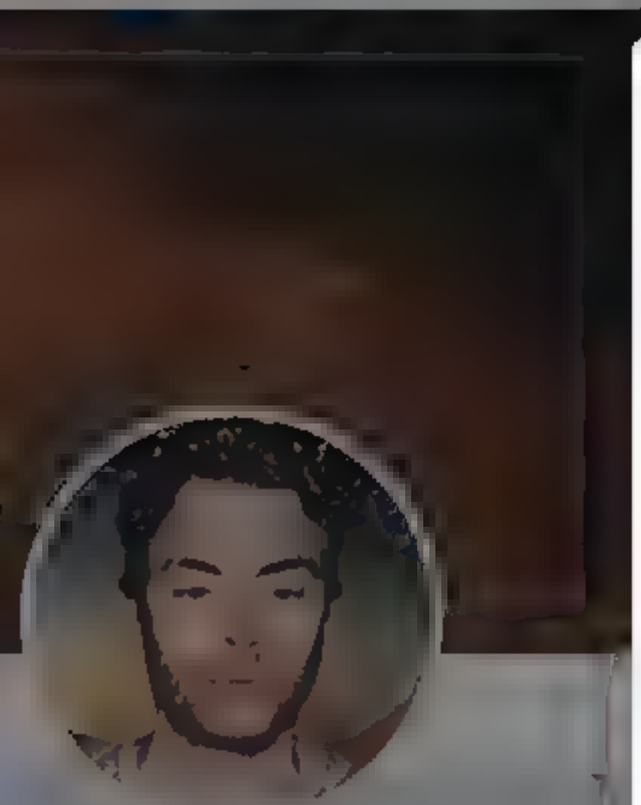
As the late author occultist and heroin addict William Burroughs once proclaimed

"The machine has many ways of dealing with anyone who is an inconvenient From page So-and-so in drug raid Certain substances sealing wax, cooking herbs, soap were turned over to forensic laboratories for analysis. Two weeks later on the back page, no charges filed against so-and-so Meanwhile so-and-so has lost his job, been stripped and searched at seven airports, each search splashed across the front page Never has the McCarthyist principle of guilt by association been so shamefully applied as in the English press today There are many ways in which the press can inconvenience or incapacitate anyone who gets in the way of the machine"

In ancient Rome, the senators were the ruling class

In the information Age, it is *HuffPost* trust fund bloggers from New York who post pictures of their mini cactus concoctions.

Former president George W Bush was so despised after his presidency that people around the globe would cringe whenever his face appeared on a television screen or newspaper



Yet, years later he is being successfully re-pitched by the corporate media as an American hero The general feeling of "he wasn't so bad" has been encouraged at every turn, whitewashing his egregious actions as a world leader and re-casting him as a harmless old man who likes to paint and talk about treating people with decency on daytime TV

It doesn't matter how much innocent blood was shed at your command, or how many countries you single-handedly destabilized and destroyed With a dance on the Ellen show or a warm conversation with Jimmy Kimmel, the bloody slate can be wiped clean

This is an absolutely bombshell report. The British government caught staging reactions to Islamic terror attacks - signs, "spontaneous protests," hashtags and all.

They appear more concerned about optics than the safety of the country.

Here's the video that proves I did not "doctor" or "speed up" the Acosta video, as some media outlets claim. I merely zoomed in.

Nice try to distract from Acosta's behavior, but this kind of dishonesty is why the media has a massive trust issue.

16-year-old kid sent home from school for inciting "hatred towards minorities".

His crime?

He typed "Donald Trump" into Google.

> Hi Paul I'm a 16 year old currently in my last year at secondary school and wanted to make u aware of how biased and left leaning the current education system is in my school in West Sussex I had the audacity to type "Donald Trump" onto google on my teachers computer which resulted in me being excluded for the rest of the day Apparently I was inciting "hatred towards minorities" WHERE'S FREEDOM OF SPEECH! How can we live in a free country when the future generations get taught that being on the left is the correct way of thinking and being on the right is "racist" I'm sure this can't just be happening on a small scale and people can probably relate from the rest of the country I was baffled and didn't know showing support for the leader of the free world would be classed as "inciting hatred" This country is a JOKE

"Because I have become a hack I will send u the whole section that pertains to u," Thrush emailed Podesta. "Please don't share or tell anyone I did this. Tel. me if I fucked up anything."

Thrush wasn't the only Hillary Clinton sycophant in the media. After he interviewed Hilary, Mark Leibovich, the chief national correspondent of the *New York Times Magazine*, emailed Jennifer Palmieri, Hillary's director of communications, offering her quote approval and promising her that she "could veto what you don't want." This violated a *New York Times* policy forbidding its reporters to give news sources approval of quotations in stories. Palmieri asked Leibovich to leave out a joke about Sarah Palin cooking mouse stew. When Leibovich's story appeared, the Palin joke was gone from his copy.

Another *Times* reporter, John Harwood, who also served as the chief Washington correspondent for CNBC, had a backdoor relationship with the Clinton campaign. In several emails to Podesta, Harwood praised Hillary's performance, offered advice on how to deal with Ben Carson if he became the Republican presidential nominee, and criticized his own newspaper for collaborating with Peter Schweizer on his best seller, *Clinton Cash*. Harwood was a moderator at a Republican presidential debate, and afterward he bragged to Podesta in an email how

# Self-loathing idiot responds to church shooting.

**Keath Graham**
I am white, Scottish, if you please, but it sickens me to my very core that my race of Europeans seem to be the most fucked up, out of whack, criminally minded group of people on God's Green Earth. I denounce my whiteness. I abhor it. For I am no better than the evil forefathers that have come before me, looting, pillaging, plundering and a raping. God forgive me for bearing the white mark upon my skin. I am the lowest of all your creations.

Chappelle's new show has 8.5 on IMDB (where user reviews are allowed) yet just 17% on Rotten Tomatoes (where all reviews are by "critics").

Americans are tired of being lectured by pedantic 'woke' idiots about what they're allowed to laugh at.

By cracking anti-PC jokes, Chappelle isn't "punching down," he's punching up.

Chappelle is directly targeting hysterical hate mobs backed by corporate power who are trying to take over the culture and turn comedy into a bland, sanitized borefest.

Tucker on Walmart.

> "So to restate what just happened," Tucker concluded. "The company more responsible than any other for destroying and degrading rural America ... for making our towns uglier and cheaper and poorer ... the same people who push the appalling lie that brightly-colored plastic crap from China is going to ... as happy ... that company is now lecturing normal Americans ... the very Americans they've hurt so badly ... about how immoral they are for daring to protect themselves with firearms. And everyone in Washington, New York and LA is applauding them as they do it. It's not a good sign."

Meaning that your hysterical dogma literally keeps poor people mired in poverty.

Thanks for clearing that up.

German schoolgirls were asked to wear Muslim hijabs as part of a social experiment to test whether German citizens would be racist towards them.

Meanwhile, actual violent bullying of non-Muslim students in migrant-heavy schools is a huge problem.

# Toronto: Migrants being housed in hotels, paying guests not informed.

## Guest later reported, "Some goats were being slaughtered" in the public bathrooms.

> There are also 1,719 irregular (illegal) migrants/refugees/asylum seekers in Toronto hotels including 577 housed at the Radisson Toronto East hotel in 146 rooms (the hotel has 240 rooms in total)
>
> The reputable Tripadvisor website has been inundated in the past few weeks with scathing reviews of the hotel, calling it a "zoo, filthy, noisy and dangerous" with the lobby full of loitering refugees and halls containing graffiti and garbage
>
> Every paying visitor on Trip Advisor has claimed they did not know and were not told that 61% of the hotel is being occupied by refugees.
>
> On Tuesday, one visitor from Virginia —calling the three-star hotel a "disgrace" claimed that animal services needed to be called on the second night he was there because "some goats were being slaughtered" in the public bathrooms.

Universities are literally apologizing for calling snow white because it's "racist".

This is where we're at.

Aliens thinking of visiting probably look down and think "nah".

rt.com/uk/413049-snow ..

> University College London was forced to apologize after a 'dreaming of a white campus' tweet was deemed 'racist' by 'snowflake students'. The tweet had been intended to let students know the campus was still open as some parts of Britain remained covered by 13 inches of snow.
>
> The tweet said: *'Dreaming of a white campus? Our campuses will be open and operating fully today, Monday 11 December, so please make your way in as planned. (We can't guarantee snow but we'll try). #snowday #londonsnow'*
>
> One twitter user replied: *'You know who else dreamt of a white campus? Hitler, that's who. Disgusting.'* Kumail Jaffer, a PPE student at Warwick University urged UCL to *'retract and apologize'*. He added that if anyone does not understand why the comment is offensive, they should *'look into the history of the oppression of the PoC (People of Color),'* according to the Telegraph.
>
> UCL quickly apologized for the tweet, saying it *'chose our words very poorly. We're sorry and we'll choose our words more carefully in the future'*. The university explained it had been referring to the song 'White Christmas' and posted a link to a YouTube video of the 1942 song, which was written by Irving Berlin.

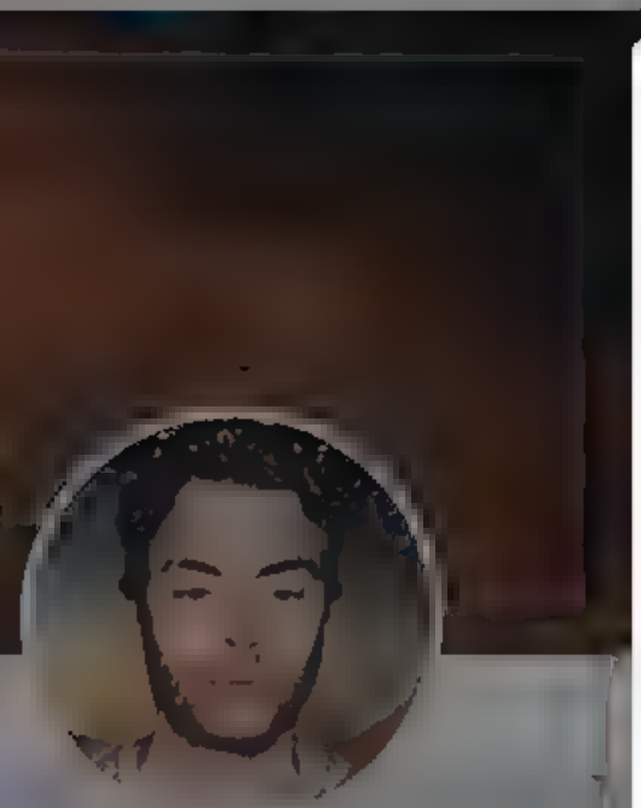
Here's the video that proves I did not "doctor" or "speed up" the Acosta video, as some media outlets claim. I merely zoomed in.

Nice try to distract from Acosta's behavior, but this kind of dishonesty is why the media has a massive trust issue.



Please correct your stories.

Here's where the "hate speech" argument falls flat.

They deleted Alex Jones from LinkedIn. LinkedIn! Unpersonned him 1984-style, Communist Chinese social credit score-style.

He uploaded zero content to LinkedIn.

This was a politically motivated, coordinated purge by Big Tech.

Social media companies represent the lifeblood of modern democratic communication.

These same companies have disincentivized free speech and mandated self-censorship.

This represents a fundamental threat to democracy.

Bolton should have never been appointed in the first place, but kudos to Trump for draining the swamp.

Now watch the left, who decried him for years during the Bush administration, pander to Bolton, hoping that he will squeal some embarrassing gossip.

But simply having authenticity and amplifying a message that the high priests of pop culture don't control is what terrifies them.

The notion that Trump has made America 'unsafe' for Matt Damon's family is the funniest thing I've heard in ages. He could move back to any major coastal city and be surrounded by vehement Trump-haters.

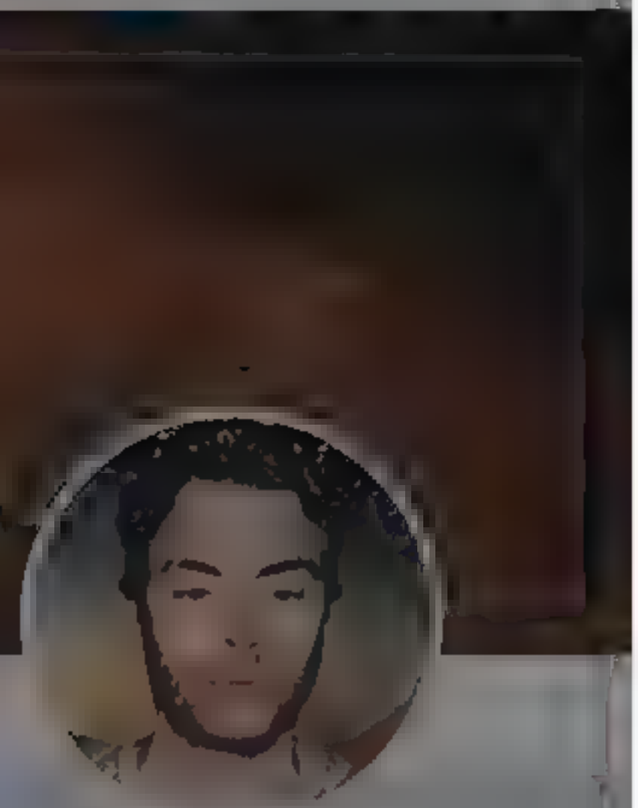
uncle Joseph of Arimathea. They are supposed to have visited visited Priddy in the Mendip Hills of Somerset and nearby Glastonbury, also the mines of Cornwall.

So runs a rich and plausible vein of history, legend and folklore. *The missing years of Jesus: The extraordinary evidence that Jesus visited the British Isles* by Dennis Price gives a thorough and engaging account of the matter.



The idea is that this visit was between the ages of 12 and 30, and was prolonged; but it was *not* part of Christ's ministry and He did not perform any miracles; but rather was engaged in some kind of 'work' relating to the metal and stone (tin, perhaps silver, mining and smelting) trade and business interests of Joseph of Arimathea

And was the holy Lamb of God,
On Englands pleasant pastures seen!

And did the Countenance Divine,
Shine forth upon our clouded hills?
And was Jerusalem builded here,
Among these dark Satanic Mills?

Bring me my Bow of burning gold;
Bring me my Arrows of desire:
Bring me my Spear: O clouds unfold!
Bring me my Chariot of fire!

I will not cease from Mental Fight,
Nor shall my Sword sleep in my hand:
Till we have built Jerusalem.

Being "offended" isn't an emotion. It doesn't even exist.

You can be angry that someone was personally rude to you.

But being "offended" about some generic happenstance that doesn't impact your life in any way is a made up hoax to get attention, victimbucks and cultural power.

A victim of the 'progressive' retroactive purity test, the rules to which are updated daily with no one being able to keep up with them.

I always knew Canadian Prime Minister Justin Trudeau had a big problem with cultural appropriation.

But to discover that he's an even bigger fan of blacking up than Al Jolson was somewhat of a surprise.

He'll be forgiven because he's on the right team.

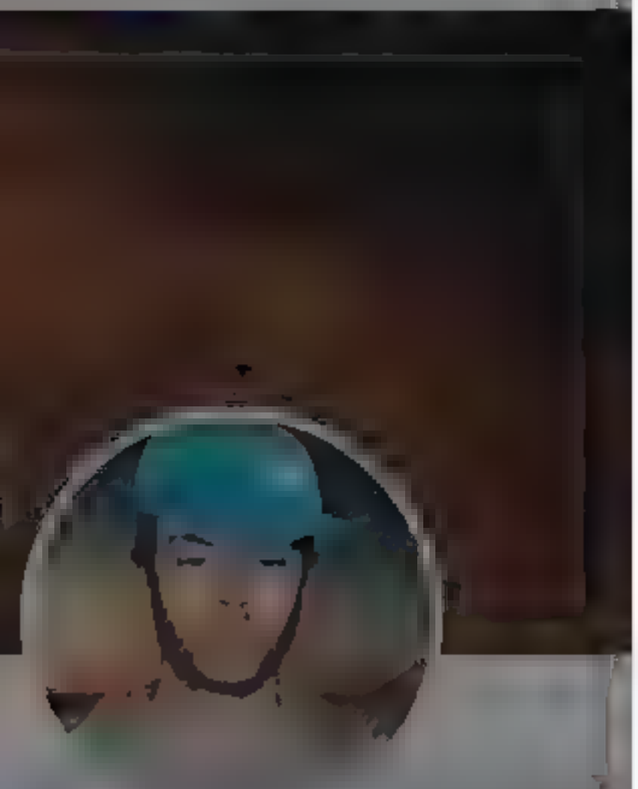
Thank God the BBC found a few people on the streets of Toronto to speak for all Canadians.



Of course it's a "non-issue" to them.

Trudeau could embark on an Al Jolson tribute tour and they'd still turn a blind eye.

Despite relentless global warming propaganda forced down our throat by a media that allows zero dissent, barely half of Brits believe in man made climate change and only 38% of Americans believe it.

This is stunning given the sheer magnitude of indoctrination.

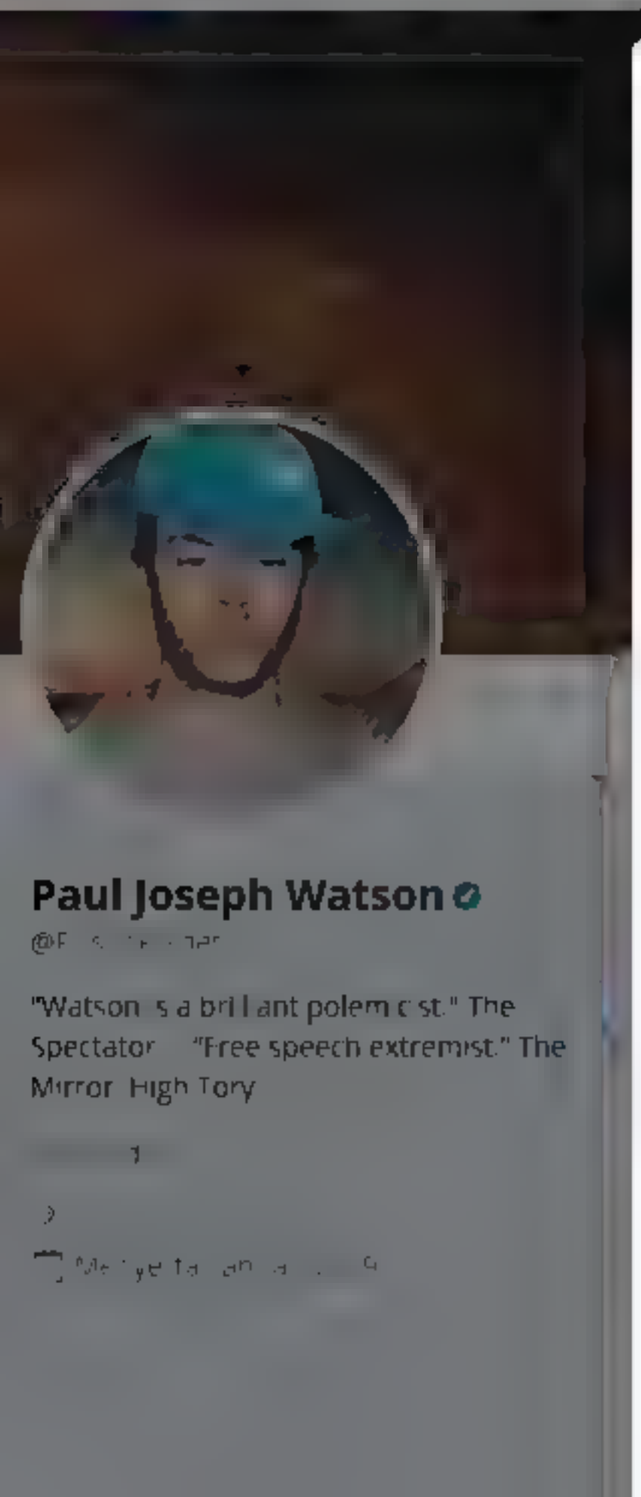
Greta Thunberg (the people using her as a child human shield for their hysterical propaganda) has filed a complaint with the UN against 5 countries for not stopping climate change.

China - the biggest polluter in the world - is not one of them.



Greta Thunberg is a fraud.

Tucker Carlson: "When you use children to demand power, they become a kind of human shield. You can hide safely behind them. No one can criticize you. Anyone who would do that is someone who would literally do anything to seize control, and that's exactly what they are doing."

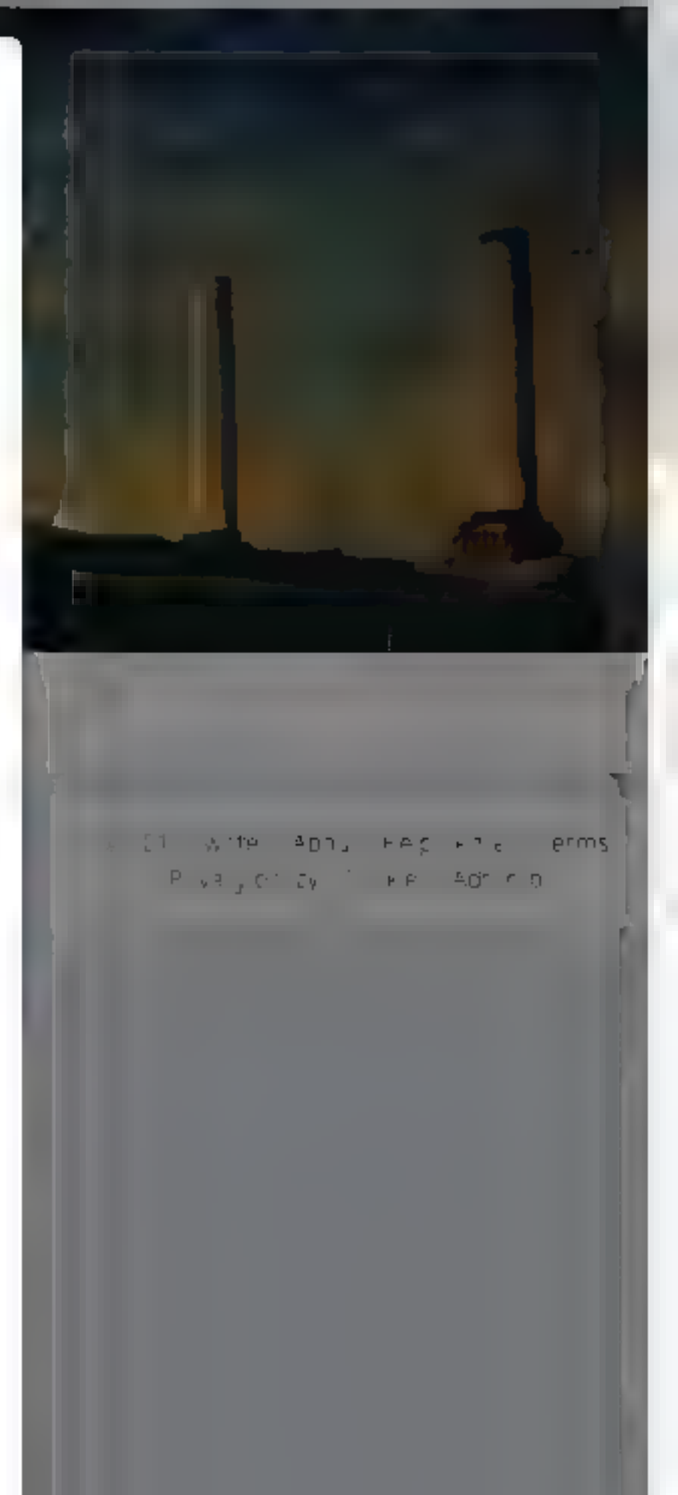
Questioning global warming isn't doing the bidding of big banks & corporations.

The political establishment, big banks & corporations are all profiting from climate change hysteria.

Amplifying global warming hysteria isn't challenging the status quo, it's upholding it.

Formed by French President Emanuel Macron and investment corporation BlackRock capital last year the Climate Finance Partnership sees government-funded carbon reduction as a *'flagship blended capital investment vehicle'* Salivating at potential profits in the world's *'developing and emerging markets'* the partnership calls for the *'unlocking'* of pension funds and government money to finance green industry in the developing world Only instead of calling our planet's situation a *'climate emergency'* they call it *'the climate opportunity'*



The Blended Finance Action Taskforce - comprised of 50 financial giants including HSBC JP Morgan Chase and Citi - is even more explicit calling for a *'layer of government and philanthropic capital'* as there are *'profits to be had'* in *'climate-related sectors'* across three regions including Latin America Asia and Africa

Put simply financial giants want your pensions and your taxes to support their investments half a world away Greta Thunberg and The Climate Emergency Movement are paralyzing you with fear and knowingly or unknowingly aiding the interests of the world's mega-rich

Last week I met a guy who works as a news anchor on mainstream media in the UK.

He told me how much he appreciated what I do and how ashamed he is about what "journalism" has become.

But then said he could never say such things publicly or his career would be finished.

So predictable

There's no point in debating people whose politics are wholly negative and have no plan for the future. Their media model is based on nurturing vitriol on the right and angling for hate shares on the left. They win by getting you to legitimise the platform

If you don't want to "legitimise the platform" why are you even responding to my tweets?

Assange exposed war crimes committed at the behest of neo-con warmongers.

It was the war crimes that harmed America's reputation, not Wikileaks.

This is perfectly in line with the non-interventionist, America first platform Trump ran on.

Trump must pardon Julian Assange.

Assange exposed war crimes committed at the behest of neo-con warmongers.

It was the war crimes that harmed America's reputation, not Wikileaks.

This is perfectly in line with the non-interventionist, America first platform Trump ran on.

Trump must pardon Julian Assange.

Assange exposed war crimes committed at the behest of neo-con warmongers.

It was the war crimes that harmed America's reputation, not Wikileaks.

This is perfectly in line with the non-interventionist, America first platform Trump ran on.

Trump must pardon Julian Assange.

I warned this escalation was coming October 1st. Now it's here.

Assange exposed war crimes committed at the behest of neo-con warmongers.

It was the war crimes that harmed America's reputation, not Wikileaks.

This is perfectly in line with the non-interventionist, America first platform Trump ran on.

Trump must pardon Julian Assange.

# Christian child forced into Muslim foster care

**Concern for girl who 'had cross removed and was encouraged to learn Arabic'**

Andrew Norfolk
Chief Investigative Reporter

A white Christian child was taken from her family and forced to live with a Muslim-wearing foster carer in a home where she was allegedly encouraged to learn Arabic.

The five-year-old girl, a native English speaker, has spent the past six months in the care of two Muslim households in London. The foster placements were made against the wishes of the girl's family by the council-ridden borough of Tower Hamlets.

In confidential local authority reports seen by The Times a social services supervisor describes the child sobbing and begging not to be returned to the foster carer's home because "they don't speak English".

The reports state that the supervising social worker, one of three who "very distressed", claiming that the foster carer removed her necklace, which had a "christian cross" and also suggested that she should learn Arabic. It is understood that the child told her mother that when she was given her favourite Italian food to take home, the foster carer would not allow her to eat it because the carbonara meal contained bacon.

More recently, the girl is said to have told her mother that Christmas and Easter are "stupid" and that "Europeans worship evil spirits".

In any decision regarding a foster placement, local authorities are required to give due consideration to the child's religious persuasion, racial origin and cultural and linguistic background.

Tower Hamlets refused to respond to requests for explanation why it had chosen to place a white English-speaking three-year-old with Muslim foster carers, including one household where she was unable to understand the language spoken by the family.

The five-year-old girl, whose identity The Times is protecting, with her present foster carer. Her mother is said to be horrified by the alien cultural, religious and linguistic environment in which her daughter has spent the past six months

lived for four months is believed to have worn a niqab outside the family home. The carer at her present foster placement wears a burka fully concealing her face when she accompanies the child in public.

The wearing of a niqab in Britain generally indicates adherence to a conservative Salafi-influenced interpretation of Islam that is often contemptuous of liberal western values.

To protect the child, The Times has chosen not to identify her or the unusual circumstances that led to her being taken into care earlier this year. The girl's mother is said by friends to have been fearful of the alien cultural, religious and linguistic environment in which her daughter has spent the past six months.

This is a five-year-old white girl. She was born in this country, speaks English as her first language, loves football, holds a British passport and was christened in a church, said a friend.

She is already suffering the huge trauma of being forcibly separated from her family. She must be wondering in which she'll feel secure and loved, instead she is trapped in a world where everything feels foreign and unfamiliar. That is really scary for a young child.

In some areas of the country, a long-standing shortage of foster carers from ethnic minority backgrounds frequently leads to non-white children being, of necessity, placed with white British foster parents. It is an established fact for the system to take place.

Published fostering statistics for England show that of the 51,800 children who were in foster placements last year, 39,500 (77 per cent) were white, as were 52,500 (84 per cent) of the 62,400 approved foster carers.

The 2011 national census found that 80 per cent of England's population was white British, falling to 45 per cent in London and 31 per cent in inner-city Tower Hamlets. Across the capital last year, 49 per cent of foster children and

Dear Richard
My husband and I are in our late 50s and have always seen more or less eye to eye on po tical matters. But n the past coup e of years we have diverged sharply on two ssues. Brex t, and the env ronment.

My other half a teacher and head of year has become a most deranged. He feels so pass onate y that eaving the EU s a mistake he becomes ncoherent when he talks about t. It s the same with c mate change. He took a day off work (without the headmaster s permission) to join an Extinct on Rebellion roadblock. I glimpsed him on TV chant ng, almost unrecogn sab e as the man I ve been marr ed to for nearly 20 years.

I voted Leave but I would be perfectly comfortab e f we d voted to stay n Europe I can see climate change must be addressed but I don't believe n occupy ng br dges. When I say this to my husband, he gets in a state

I could just about tolerate that, but here's the real prob em Richard. He keeps burstinq nto tears when we discuss either subject, especia y when other people are present. I think he th nks t adds we ght to his arguments. He snuffles h s apolog es and says things like " m sorry, but I just fee SO strongly about th s "

Logan Paul is the latest victim of cancel culture for the crime of criticizing someone for having multiple abortions.

But he's right.

Having 5 abortions isn't "women's rights," it's killing the unborn as a method of contraception.

These corporations trash American values then openly embrace and cower to China's dictatorship for profit.

How on earth was Epstein not put under 24/7 suicide watch? Is the media going to dismiss anyone who questions this as a "conspiracy theorist"?

Jeffrey Epstein was such a close friend to us over the years. When he commits suicide next week on Tuesday around 2 45pm with two gunshots to the back of the head, it will be so unexpected and will take such a heavy toll on all of us.

How on earth was Epstein not put under 24/7 suicide watch? Is the media going to dismiss anyone who questions this as a "conspiracy theorist"?

Jeffrey Epstein was such a close friend to us over the years. When he commits suicide next week on Tuesday around 2:45pm with two gunshots to the back of the head, it will be so unexpected and will take such a heavy toll on all of us.

Wrong.

Overthrowing Gadaffi was a stain on Obama's legacy.

Arming jihadists in Syria was a stain on Obama's legacy.

that was the real start of my decline. I tried to take an interest in social debates, but that period was disappointing and brief: the extremely conformist nature of the speakers, the dreadful uniformity of their outrage and enthusiasm, had become such that I could now predict what they were going to say, not only in terms of their broad lines, but even the details, to the word in fact, columnists and major witnesses passed by like pointless European puppets, cretin after cretin, congratulating themselves on the pertinence and morality of their views – I could have written their dialogue for them and in the end I turned off my television for good, it would only have made me sadder if I had had the strength to carry on.

Liberties are fundamental rights that people literally died for. No one died for a barmaid to serve a beer with her arse.

2) I don't want it banned, I want it discouraged and not celebrated.

Anyone who supports censorship is deeply immoral and everything they say should be rejected and vehemently opposed.

Whatever your political persuasion, if you support silencing anyone, you are fundamentally evil and deserve zero respect.

Fuck you to infinity.
